## ARTISAN BEECH SMOKED SALMON

Aged for over 36 hours in our traditional smoker using beechwood chips gives our smoked salmon a unique, mellow, buttery flavor

Sailing across the estuary, towards the harbour of Ballyhack, with sight of the castle against the skyline, it never failed to fill our minds with the joy of coming home.

Sharing the rewards of our labour with those on the pier, we looked forward to the warm aroma of beech embers filling our smokehouse and flavouring our salmon fillets.
